

# Agitator PRO-Wash

**SURE SEAL® Agitator PRO-Wash** is a unique, safe to use concrete cleaner based on an organic compound which gives the action of a tough acid cleaner but without the fuming, chemical burns and corrosion. **Agitator PRO-Wash** employs revolutionary proprietary low pH acid-replacement technology with added cleaning agents resulting in an **All-in-One** cleaner and truck wash for the Agitator, Chassis and Cabin.

Although low in pH it does not contain traditional acids such as hydrochloric, sulfuric or phosphoric acids.

**Agitator PRO-Wash** is an advance in the chemistry of removing concrete and cement residue from concrete mixing and transporting equipment effectively whilst cleaning the truck all in the same application.

## Features and Benefits:

- ✓ **Effective** - breaks down concrete & cement
- ✓ **Safe** - no traditional acids: acid-replacement technology,
- ✓ **User Friendly** - minimal fuming, & no chemical burns
- ✓ **Non-Corrosive** - safe on ferrous metals, aluminium & glass
- ✓ **Solvent-Free** - will not damage rubber seals, stable painted surfaces or hoses
- ✓ **Contains** - cleaning agents to remove grease, dirt and grime
- ✓ **Useful** - cleaning concrete trucks & pumps, tools etc.

A safe and effective method of removing cement, concrete and other contaminants

- ✓ Non Hazardous
- ✓ Non-Toxic
- ✓ Non- Corrosive
- ✓ User Friendly

- ✓ Readily Biodegradable
- ✓ No VOC's
- ✓ Non Flammable

## TECHNICAL INFORMATION

**Mixing:** No mixing required. Ready-to-use. Do not dilute.

**Pack Size:** Supplied in 20 litre drums and 1,000 litre IBC's.

### APPLICATION INSTRUCTIONS:

**Agitator PRO-Wash** is ready to use as is, DO NOT dilute. Spray or apply with brush or broom onto the area to be cleaned and allow 5 to 10 minutes reaction time depending on the amount of build-up. Rinse thoroughly with water. Repeat process if required. Always test in an inconspicuous area to determine suitability for the intended results.

### SAFETY DIRECTIONS:

Wear suitable protective clothing, gloves and eye protection. Avoid contact with skin and eyes. Read and understand the Safety Data Sheet.

### FIRST AID:

**Inhalation:** First aid is not generally required. If in doubt, contact a Poisons Information Centre or a doctor.

**Skin Contact:** Irritation is unlikely. However, if irritation does occur, flush with lukewarm, gently flowing water for 15 minutes or until chemical is removed.

**Eye Contact:** Immediately flush the contaminated eye(s) with lukewarm, gently flowing water for 5 minutes or until the product is removed, while holding the eyelid(s) open. Obtain medical advice immediately if irritation occurs. Take special care if exposed person is wearing contact lenses.

**Ingestion:** If product is swallowed or gets in mouth, DO NOT induce vomiting; wash mouth with water and give some water to drink.

If symptoms persist seek medical advice or Poisons Information Centre on 131 126.

**Protective Clothing:** Wear appropriate chemical resistant protective clothing including appropriate PVC or rubber gloves and goggles to protect eyes. See MSDS for further information.

**Handling & Storage:** Keep containers closed when not using the product. Store in original packages as approved by the manufacturer. Dispose of in accordance with appropriate State authority. Keep out of reach of children.

**Shipping Information:** This product has no UN classification. This product is not a Scheduled S5 Poison. Not classified as a Dangerous Good, according to the Australian Code for the Transport of Dangerous Goods by Road and Rail (6<sup>th</sup> Edition).

**Note:** Consult the Safety Data Sheet for full technical and safety details. It is recommended to test the product first on a small inconspicuous area to determine its efficacy or unexpected results.
